Quota of Units/ Review Criteria

Quota Allocation Method	Review Method	Review Items	Review Criteria
<ul style="list-style-type: none"> For institutions receiving Part I (implementing teaching innovation, developing university features, enhancing higher education publicity, fulfilling university social responsibility, and making resources more public) subsidy of more than NT\$50 million under the Higher Education SPROUT Project, their allocated quota units shall correspond to the class they belong to, which is determined according to the ratio of each discipline within Part I and research centers under Part II of the Higher Education SPROUT Project. Quota units for the other institutions will be approved on an annual basis according to the MOE policy. The above-mentioned quota units are calculated as follows: Yushan Fellows are considered one unit, whereas Yushan Young Fellows are considered one-third of a unit. Institutions not applying for this program in the current year will be deemed to have given up their quota. For institutions whose applications are rejected by MOE, their quota units will not be returned. Yushan (Young) Fellows who have applied for a subsidy renewal can be excluded from the quota to be allocated by MOE for the year. 	<ul style="list-style-type: none"> Applications are reviewed once a year following the academic year schedule. A review committee is established with one convener designated for each of the six academic fields (i.e., humanities and arts, social sciences, science, medicine, engineering, and agriculture and life sciences). Conveners shall recommend reviewers and expert fellows from their fields to perform anonymous review of the applications. 	<ol style="list-style-type: none"> Experience & past achievements of the scholar (significant academic contribution(s), details of academic awards received, critical academic research findings, and so on): <ol style="list-style-type: none"> Personal resume/ curriculum vitae The Yushan Fellows please provide the list of the publications and academic works in the past 10 years. The Yushan Young Fellows, please offer the list of past 5-year publications and academic outcomes. Other outstanding performances (Optional). Please provide the 1st term final report in qualitative and quantitative form (for the 2nd term only) Relevance of the proposed candidate's future academic work to the university's development and anticipated benefits (for example, Higher Education SPROUT Project) <ol style="list-style-type: none"> The scholar's academic work plans and associated goal(s). Details of the scholar's academic work and the relevance to the development of their school. Please explain the relevance in detail. The scholars' specific practices of academic work Fellow's tasks to achieve (choose at least 2 out of 4); provide specific details and practices: Academic research, Teaching innovation, International collaboration, Industry-academia collaboration Anticipated benefits (Expected quantitative or qualitative results) Package of supportive measures and arrangements provided by the university (will be reviewed in the mid-term and final report) Reasonableness of providing the salary and benefits Team Collaboration and Planning (Not applicable to Yushan Young Fellow) 	<ul style="list-style-type: none"> A Yushan Fellow should have the ability to win the "Academic Award" from the MOE; a Yushan fellow who has made significant contributions in industrial research and development must possess the ability to win the "National Award for Distinguished Contribution to Industry–Academia Cooperation" from the MOE. A Yushan Young Fellow should have the ability or potential to win "Ta-You Wu Memorial Award" from the NSTC (National Science and Technology Council).

Eligibility Criteria

Type	Proposed Appointment Category	Proposed Appointment Position	Eligibility Criteria	Supplement Description
Yushan Fellow	Full-time teaching member	Professor Associate Professor Assistant Professor	<p>A Yushan Fellow must possess one of the following qualifications:</p> <ul style="list-style-type: none"> Has worked at a leading international research institution or an internationally renowned company for at least 10 years, distinguished in the international academic community or acquired world-leading expertise in a core technology, and experienced in leading academic or industrial research teams Recipient of a Nobel prize, fellow of a national academy, fellow of a major international association, or has received some equivalent recognition Has made an outstanding contribution to the area of his or her academic or industrial expertise in the past 5 years 	<ul style="list-style-type: none"> If a fellow is unable to complete the 3-month stint in the 2nd year, the balance shall be carried forward and completed in the 3-year tenure, failure of which will be recorded and taken into consideration in MOE's future quota allocation to the institution. Yushan (Young) Fellows must not be current full-time employees who have served for more than one year or retirees at universities or academic research institutions in Taiwan. Current full-time employees are limited to those whose service duration is less than one year and never apply for the program.
	Contract teaching member (must be at least 65 years old)	Professor, on term contract Associate Professor, on term contract Assistant Professor, on term contract		
	Short-term exchange member (to serve at the university for at least 3 months each year)	Visiting Professor Visiting Associate Professor Visiting Assistant Professor		
Yushan Young Fellow	Full-time teaching member	Professor Associate Professor Assistant Professor	<p>A Yushan Young Fellow must have received his or her highest academic qualification within the last 10 years or be under 45 years old and meet one of the following criteria:</p> <ul style="list-style-type: none"> Has worked at a leading international research institution or an internationally renowned company for at least 5 years and demonstrated great potential Has experience in conducting major research projects Has made an exceptional contribution to the area of his or her academic expertise in the past 5 years 	
Remark	Remark: Fellow Subsidized Additional Administrative Support Grant (~2022)/ Global Outstanding Talent (2023~) : Following the directions of Yushan (Young) Fellow			

Required tasks

Fellows applying for this program are required to perform the following tasks (**choose at least two of the four tasks**):

Academic research:

enhance academic research capacity and benefit institutional development

Teaching innovation:

innovate and refine teaching practices, strengthen the cultivation of talents and improve the quality of teaching

International collaboration:

promote international exchanges and connections, and enhance Taiwan's international influence and visibility

Industry-academia collaboration:

facilitate industry-academia cooperation between the institution and domestic/foreign enterprises, cultivate high-level talents and deepen social influence

Team Collaboration and Planning

Type	Description
Yushan Fellow	<ul style="list-style-type: none">• Yushan Fellows should form a team with faculty and researchers within the institution to carry out teaching or research projects by leveraging and cooperating with overseas academic resources.• The team must include one or more staff members at or below the associate professor or postdoctoral research fellows from the institution.• Yushan Fellows should make good use of their resources from the global academic network to facilitate the internationalization work of the host institution and promote international communications and collaboration.• Yushan fellows are also required to assist in the overseas publicity activities of this program by bridging the exchange between the host institution and international academic talents. The required funds and resources of relevant activities should be provided by the host institution.
Yushan Young Fellow	Not applicable to Yushan Young Fellow
Remark	Remark: Fellow Subsidized Additional Administrative Support Grant (~2022)/ Global Outstanding Talent (2023~) : Following the directions of Yushan (Young) Fellow

	Supportive Benefits	Following the directions of Yushan (Young) Fellow	

Funding Reimbursement

- **Subsidies from the MOE**

- Payments, disbursements, and reports should be handled according to the directions for subsidies and funding by the MOE and Taiwan's Central Government.
- Annual funding execution:
 - Period of annual funding execution: within 1 year from the date of appointment
 - Fellows are **required to submit annual performance reports each year within 2 months after the expiry of the annual funding execution period.**

- **Subsidies from NTHU**

- The items of subsidies, the deadline of reimbursement, and other regulations should be handled according to the direction of each funding.

Funding Carryover

● Subsidies from the MOE

- Funds for this program are approved and allocated annually, but the reporting time is in line with the mid-term review schedule.
- Funds that have been partially used as well as funds that have incurred outstanding debts or contractual responsibilities can be carried over and included in the funds for another year (for national universities, annual balance shall not be included in the school fund).
- The carryover procedure should be conducted in accordance with the following time frame, and the carried-over funds can only be used for its original purpose. Any unused funds must be returned in full:
 1. **Yushan Fellows shall report their funds in the first year and the third year respectively**
(if the funds are not fully implemented in the second year, they may be carried over and included in the third year).
 2. **Yushan Young Fellows shall report their funds in the second year and the fifth year**
(Funds that have not been used in the first year can be carried over and included in the second year, and funds that have not been used in the third and the fourth years can be carried over and used in the fifth year, before expiration of the implementation period).
 3. Other matters not discussed herein should be handled in accordance with the Directives for Issuance and Report of Subsidy (Donation) and Funds by the Ministry of Education (教育部補(捐)助及委辦經費核撥結報作業要點) and various expenditure regulations enacted by the central government.

Project Implementation Assessment

(Annual/ Mid-term/ Final Report)

Type	Deadline			Review Method	Notes for Review	Review result
	Yushan Fellow	Yushan Young Fellow	Fellow Subsidized Additional Administrative Support Grant/ Global Outstanding Talent			
Annual Performance Report	Should be submitted and uploaded to the Yushan (Young) Fellow Program website			Annual performance reports that have passed the administrative review will be published on the Yushan (Young) Fellow Program website.	The review focuses on the research, teaching, and service performance of fellows, as well as the effectiveness of implementing the targets specified in the institution's application plan and its supportive measures.	
Annual Brief Report	E-file within 10 MB, both in Chinese and English Should be uploaded to the Yushan (Young) Fellow Program website					
Mid-term report	Should be submitted at the end of the 1 st year of implementation Can be submitted together with the annual performance report Can be academic outputs of the academic conferences held by the MOE or other units authorized by the MOE	Should be submitted at the end of the 2 nd year of implementation Can be submitted together with the annual performance report	Following the directions of Yushan (Young) Fellow	A review committee will be established to review the mid-term reports. A convener and several reviewers will be designated for each of the six academic fields (i.e., humanities and arts, social sciences, science, medicine, engineering, and life science and agriculture) under the committee.		Remark 1
Final Report	<ul style="list-style-type: none"> Intending to apply for the 2nd Term Program : 6 months before expiration of the program period; can be submitted together with the 2nd term application form Not intending to apply for the 2nd term Program : expiration of the program period 	<ul style="list-style-type: none"> Intending to apply for the 2nd Term Program : 6 months before expiration of the program period; can be submitted together with the 2nd term application form Not intending to apply for the 2nd term Program : expiration of the program period 	expiration of the program period	<ul style="list-style-type: none"> Intending to apply for the 2nd term Program : the final report and the 2nd term application will be sent by the MOE to the conveners of various review committee groups for review Not intending to apply for the 2nd term Program, Fellow Subsidized Additional Administrative Support Grant and Global Outstanding Talents : the final report shall be handled in accordance with the review process for annual performance reports. 		Remark 2

Remark 1

- For Yushan (Young) Fellows who fail to meet the anticipated targets, relevant improvements will be required based on the reviewers' comments. The implementation of such improvements should be examined as one of the review criteria during the assessment of the final report and renewal application review. It will also be taken into consideration by MOE in future quota allocation to the institution and in adjusting the subsidy for the remaining term.
- For fellows who are additionally subsidized for administrative support grant, the MOE will adjust the subsidy for the remaining term.

Remark 2

- For Yushan (Young) Fellows who submit their final reports along with their renewal application, review results of which will be taken as a reference by MOE when determining the funding for the subsequent term, which shall be done 3 months before expiration of the current term.
- For fellows not applying for a renewal, fellows who are additionally subsidized for administrative support grant and Global Outstanding Talents, review results of their final reports will be taken as a reference by MOE for future quota allocation to their institutions.

Notes for Other Items

- If any full-time Yushan (Young) Fellow, Fellow Subsidized Additional Administrative Support Grant or Global Outstanding Talent published his/her academic research result during his/her tenure, such **research result must be listed under the name of the host institution in Taiwan and MOE Yushan (Young) Fellow Program**. Any academic achievement of fellows on a short-term exchange program that is derived from the fellow's obligations or matters stipulated in his/her employment agreement with the host institution must also be listed under the name of the host institution in Taiwan **and MOE Yushan (Young) Fellow Program**.
- Any violation of **academic ethics** by Yushan (Young) Fellows, Fellows Subsidized Additional Administrative Support Grant or Global Outstanding Talents receiving funding from this program shall be handled in accordance with the regulations governing academic ethics cases at junior colleges and institutions of higher education.
- If Yushan (Young) Fellows, Fellows Subsidized Additional Administrative Support Grant or Global Outstanding Talents **breach the Gender Equity Education Act (性別平等教育法)** or other legal regulations after approval of their funding and during their appointment period, MOE may suspend their funding when necessary.
- The university should assist foreign Yushan (Young) Fellows, Fellows Subsidized Additional Administrative Support Grant or Global Outstanding Talents to apply for the "**Employment Gold Card**" to the National Immigration Agency of the Ministry of the Interior. Relevant expenses can be covered under the Administrative Support Grant of the MOE Yushan (Young) Fellow Program; this is also served as a reference for the evaluation of the university's supportive measures and arrangements for fellows.
